THANK YOU SO MUCH FOR YOUR INTEREST IN LIFECORE FITNESS! WHETHER YOU ARE A NOVICE EXERCISER OR A COMPETITIVE ATHLETE, WE WISH YOU THE BEST ON YOUR JOURNEY TOWARD BETTER HEALTH AND FITNESS!

LifeCORE Fitness Inc. Carlsbad California headquarters is just a few minutes north of San Diego. With nearly two decades in the fitness industry, our biggest asset as a manufacturer is our experience as fitness retailers. In the early 90’s we started out as owners/operators of our very own fitness retail stores. We conduct business now the same way we did then—with the consistent goal of impeccable customer service.

The management/development team at LifeCORE Fitness spent many years on the showroom floor, developing relationships with you, the consumer. We listened to your needs, your health and fitness goals, your likes and dislikes about certain products and then we were there to service the product after the sale. This gave us incredible insight and experience that goes into the development of every LifeCORE Fitness product.

Our mission is and always will be to make the highest quality equipment that is easy to use, durable and a great value to the consumer. We also understand the importance of customer service after the sale. We’ve gone through painstaking efforts to build the most durable equipment on the market, backed by the best warranty on the market, which is backed by our outstanding customer service department!

Stop by a retailer near you and experience the LifeCORE Difference! Thank you for your support.
LifeCORE is pleased to introduce our all new, from the ground up, 60-Series recumbent and upright bikes. LifeCORE set out with a vision to create a commercial grade core product group that stands out from the competition, is built to last, and provides years of fitness enjoyment. For 2015, the 60-Series features a stylish, high-tech “Back-In-Black” color scheme, complementing the rugged heavy-duty frame construction and extensive lists of feature updates and upgrades!

Register your LifeCORE product online quickly and simply to insure maximum enjoyment of your purchase.

Why Its Important To Register Your LifeCORE Products
First, to ensure you can take full advantage of LifeCORE’s manufacturer warranty. Second, occasionally manufacturers have some sort of recall. If you are registered as an owner of one of a recalled product, LifeCORE can easily contact you. Lastly, If something breaks or is recalled, we will have all of your information and proof of purchase in our database. This will allow us to send you new parts or provide service instructions to keep your LifeCORE product operating correctly and safely at all times.

Online product information, videos, parts diagrams and much more are all available within a few clicks on the LifeCORE Fitness Website. Be sure to check back frequently for the latest product releases and to learn more about maximizing your health and fitness.
